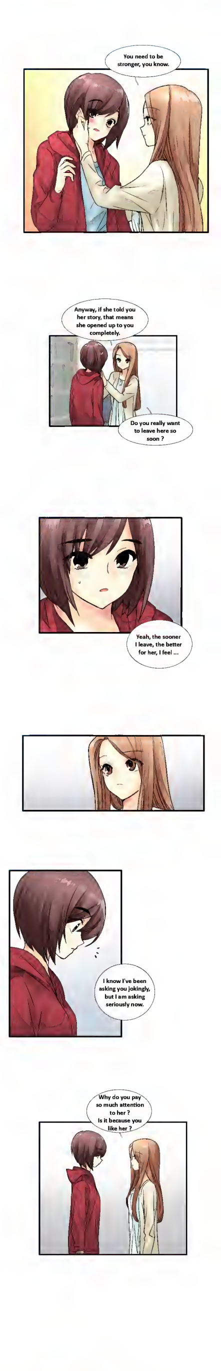
There you are...
! ?
울컥
Why... Why are you crying your eyes out ?!
Hye-Ri..., she told me her story.
And I ... eavesdropped you and Park Yuri.
I am sorry.
Sigh, you ...

Do not upload my projects to online manga readers.
My projects must remain free of profits.



You need to be stronger, you know.
Anyway, if she told you her story, that means she opened up to you completely.
Do you really want to leave here so soon ?
Yeah, the sooner I leave, the better for her, I feel ...
I know I've been asking you jokingly, but I am asking seriously now.
Why do you pay so much attention to her ? Is it because you like her ?

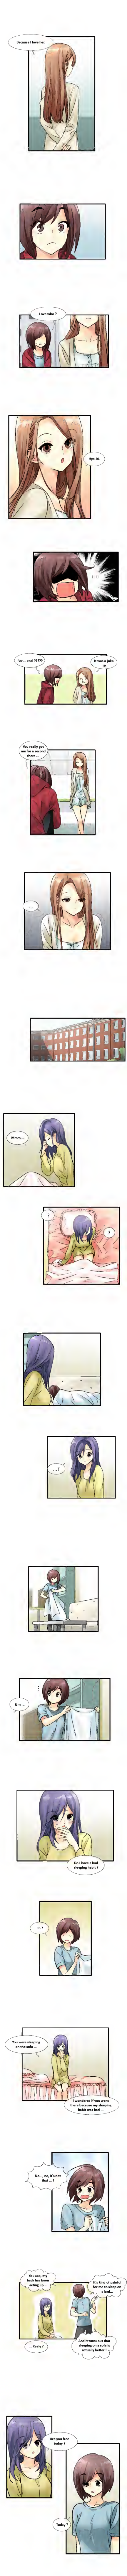
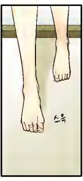
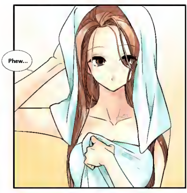
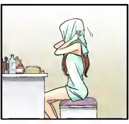
Eh...
I don't think so ...
... Are you sure ?
I don't ... think so. I don't think ... it's about that.
Probably not...
Good.
Huh ?
You should not bear too much feelings for her.
How come ?

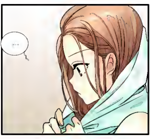


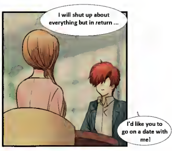
Because I love her.
Love who ?
Hye-Ri.
!!!!
For ... real ?????
It was a joke. :P
You really got me for a second there ...
...
Mmm ...
?
?
...?
Um ...
Do I have a bad sleeping habit ?
Eh ?
You were sleeping on the sofa ...
I wondered if you went there because my sleeping habit was bad ...
No..., no, it's not that ... !
You see, my back has been acting up...
It's kind of painful for me to sleep on a bed...
And it turns out that sleeping on a sofa is actually better !
... Realy ?
Are you free today ?
Today ?



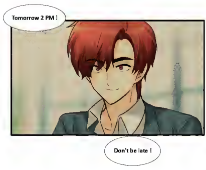




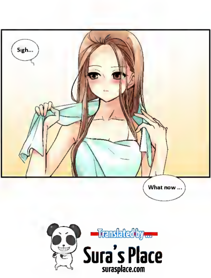




I will shut up about everything but in return ...
I'd like you to go on a date with me!



Tomorrow 2 PM !
Don't be late !



Sigh...
What now ...
